LEGACY

ACADEMY OF LEARNING

PROSPECTUS

A child with long brown hair, wearing a pink dress, is sitting at a red table. They are playing with colorful stacking toys (rings) on a wooden board. Another person's hand is visible, pointing at a number board with large numbers (1, 2, 3, 4, 5, 6, 7, 8, 9, 10) on a light blue background. The image has a red overlay.

**Enriching
Young Minds
for the Future**

Directors' message

Greetings!

Your family is about to embark on a wonderful and exciting adventure.

Our school motto 'Enriching Young Minds for the Future,' sums up the ethos and commitment of our faculty and staff to develop the potential of every child, encouraging personal excellence in a caring environment. We, as the directors of Legacy Academy of Learning are eager to work closely with all parents for their children to achieve vastness. Our board is comprised of dynamic, passionate and innovative personnel. The directors at Legacy Academy of Learning are experienced individuals who believe in teaching the positive norms and values along with the right education to our young minds for the future of Pakistan. Let us work in partnership with you to nurture and educate your child.

NAZISH NAEEM

HEAD OF PRESCHOOL
LEAGACY ACADEMY OF LEARNING

Note from Head of Preschool

I am thrilled to welcome you to the Legacy family. I believe that our children are our most precious asset and homes and schools play an equal role in their learning journey, forming their personalities and shaping their future. At Legacy we offer a friendly and comfortable environment headed by passionate early years' educators, who facilitate the students to develop discipline and values to make a positive contribution to the society.

We offer a challenging curriculum that promotes critical thinking and a rich variety of extra-curricular activities. We aim to nurture each child's true potential because we believe that happy children are great learners.

Advisory Board

Rasheeda Naeem's has had a 24 year career in the field of education. She started her career from teaching little ones and moved up to heading the student life department of O and A levels at Bay View High and Cedar College. She was involved in administrative tasks and was a part of the core management team making her experience highly versatile. Organising events, debates, Model United Nations and engaging young adults into community service activities, trips and other educational and recreational activities, has provided her an experience in working towards giving them a conducive environment for growth. Encouraging and engaging them into activities which would nurture them, has enabled Ms. Naeem to better understand and council them.

An electronics engineer, **Mr. Nadeem Islam** has been involved in the field of academics for over twenty years. His teaching career began with teaching O - Level Physics at Bay View High School. Along the way, he has taught Physics at Karachi Grammar School, Convent of Jesus & Mary, Bay View Academy and Southshore School for A - Level Studies. In 2006, he assumed full time responsibility at Bay View High School as the Vice Principal for the O/A Level Campus. Subsequently he was appointed Head of A - Levels at the Bay View College until November 2015. Since 2016, he has been a member of the Physics faculty at Cedar College. Beyond teaching Physics, he has been involved in developing community service programs and various extra - curricular clubs and societies for students. He also keeps himself with developments in Science & Technology with emphasis on trends in STEM based education and Artificial Intelligence.

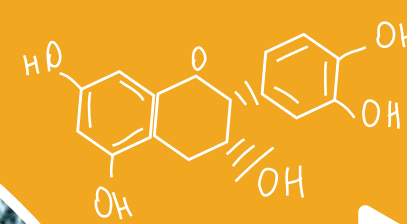

WELCOME TO LEGACY

Legacy Academy of Learning is a daycare and preschool institution which offers excellent opportunities for children aged from 6 months to 6 years to play and learn throughout our individually designed areas. Our approach to childcare is simple; to provide a loving, nurturing, safe environment filled with warmth and promise where individual's talents are encouraged to flourish and grow.

At Legacy Academy of Learning, we believe that every child is a unique individual who is constantly learning. We aim to make each child's early education experiences positive and meaningful. We know that children learn best in a welcoming, warm, secure and caring environment, where they are able to experiment and have fun, take risks, learn from their experiences and grow in confidence.

OUR PHILOSOPHY

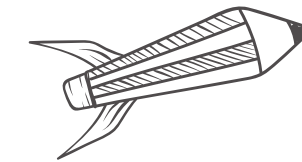

Our philosophy revolves around the understanding that learning is an on going cycle where your child is at the center of the experience and builds on his/her previous knowledge by engaging, processing and comprehending new information and or developing his/her skills. The learning outcomes are in response to the environment or opportunities given by our teachers allowing him/her to cognitively grow.

We believe effective communication between teachers and learners contribute to understanding where they are exposed to learning activities by receiving guidance and challenges based on their current ability to bridge the gap between what they know and what they can accomplish. Our curriculum and activities enable children to experience active learning allowing them to take control over the process and eventually apply what is understood without any scaffolding and to ultimately become life long learners.

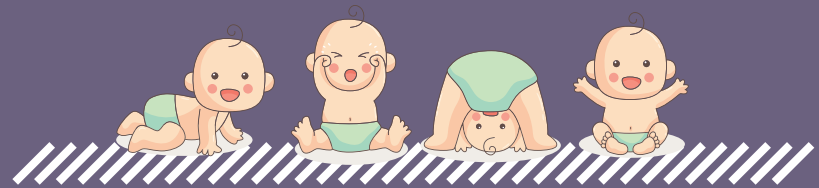

LEGACY OFFERS YOUR CHILD...

- ✓ Tailor-designed curriculum to make sure all developmental milestones are achieved from Pre Nursery to Kindergarten.
- ✓ Building on multi-literacy by complementing education with technology and foreign languages.
- ✓ Encouraging curiosity and discovery and helping children develop better decision making skills.
- ✓ Focusing attention on each child keeping in mind their developmental pace and requirements.
- ✓ Generous care and attention because of our well-divided teacher student ratio.
- ✓ Well designed to help children make the transition from home to Preschool smoothly and confidently
- ✓ Culturally appropriate curriculum blended with the desired etiquettes, morals and values.
- ✓ Instilling empathy and compassion through community care and kinship.
- ✓ Working together as partners with the parents.

LEGACY PRESCHOOL AIMS
TOWARDS PROVIDING A
STIMULATING LEARNING
ENVIRONMENT FOR
YOUR LITTLE ONES

DAY CARE

Legacy Daycare provides a nurturing, fun environment for your little ones where they learn to socialise, grow positively and are cared for with kindness and affection.

Our daycare facility is a baby-safe zone where hygiene is our top most priority. We have trained nannies and staff members on our team supervised by professional early years' educators who make sure your little ones' feeding, changing, napping and age appropriate activity routines are followed timely. We provide on line camera access specifically for daycare parents enabling you to tap into your child's activities and keep you assured that he/she is secure, comfortable and cared for according to your requirements.

AT LEGACY DAYCARE WE
ASSURE YOU THAT YOUR
CHILD IS IN SAFE AND
LOVING HANDS

CURRICULUM

The curriculum we follow at Legacy is a STEM based integrated learning system synthesising with art and craft. We believe that children learn through the progression of experience, observation, conceptualisation and practice coinciding with Kolb's Learning Cycle. Learning is about discovery and developing skills, therefore the manner in which it is taught is very important. Our teachers focus on all areas of learning as they pay attention to what children are interested in and plan creative activities that help them expand their knowledge in different areas. Thus children get a deeper understanding and make connections across several content areas enabling them to reach educational goals.

LANGUAGE & READING

Legacy has a fully equipped library with age appropriate books and reading tools. Additionally, there are reading corners in each classroom to focus on the development linguistics, grammar and spelling via sounds.

TECHNOLOGY

We offer the innovative use of smart interactive boards to encourage exploration through advanced technology. Our students will also be introduced to smart board and desktop stations to expand the minds of our little learners through digital learning.

PLAY

Our curriculum incorporates four types of play that are essential to optimize child development; motor play, social play, constructive play and role play. These enhance the cognitive, emotional, social and physical skills of the young ones. We have a fully equipped outdoor and indoor play area for our learners to keep themselves engaged.

ART AND CRAFT

At Legacy, we let children get messy in our art and craft area, where their creativity and imagination comes to life. Activities like cutting, pasting, drawing, painting, clay work, play dough, and pottery improves their motor skills.

MUSIC & DANCE

Music dance and yoga classes help build better coordination skills and are loads of fun.

ANIMAL CARE

At Legacy we have a variety of pets and our staff and students together enjoy taking care of them.
